

## CAPABILITY STATEMENT

*“We Make Our Clients Mission Our Mission”*

### WHO WE ARE?

As an SBA Certified 8(a), Economically Disadvantaged Woman Owned Small Business founded in 2012, Practical Intelligence, LLC is a company built on the foundation of 125+ years of combined employee experience to enhance customer Identity Management processes and Security Infrastructure. As practitioners providing proven support to the Department of Defense (DoD) and Intelligence Community (IC), PI delivers practical solutions that address current and future threats. PI’s mission is to provide high-level consulting services to enable our clients to make better-informed decisions and to develop and implement secure and efficient enterprise solutions. As honest brokers in a highly dynamic information environment, PI’s vision is to deliver indispensable expertise and to provide innovative solutions to unique problems.
